

CODING QUESTION KAHAAN SE KARNA HAI???

Dekho kul mila ke 3 platforms hain jisme sab naachte rhte leetcode se karun ya gfg se ya interview bit se. Pahle in teeno platform ke baare mein bata dun thoda thoda

1.) Interview bit

Pros

This one is the best one agar pura interview bit aap samajh ke bana jaate ho then 95% chances are there you will crack coding questions in best companies.

Cons

Tough hai kaafi zyada jinki coding kaafi zyada achhi hai wo hi kar paate hain else baakiyon ko kaafi tough lagega

2.) LeetCode

Pros

Interview bit ka bada bhai. Zyada questions rahenge par achhe questions rahenge. Question ko difficulty level ke hisaab se sort kar lo aur aap jo bana paa rhe us level se start karo

Cons

Interview bit ke mukabale zyada ghisna padega kyunki no of question zyada hain

3.) GFG

Pro:- ispe noob se lekar expert tak saare question hain

Cons:- GFG aathah samudra hai moti nikalna bahut mushkil hoga itte zyada question honge ki aap jab tak east question kar paaoge tab tak kaafi time khatm ho jaaywga

Dekho jo log 16+ base ki companies target kar rhe jaise nutanix, google, microsoft, mindTickle, postman, SprinklR toh hero ek baat sidhi si hai tumhein apne coding pe confidence to hai toh sidha sidha interview bit kar lo 2-3 baar 2 minimum hai. Aisa kar lo ki har question yaad jaisa ho jaaye. Agar tum aisa kar loge toh fir maan lo ye companies koi naya ques bhi puchh deti hain toh tumhari problem solving ability itti achhi ho jaayegi ki tum question solve kar doge.

Par jo log 10-16 base wali companies target kar rhe wo log rat jaao har ek question niche ke dono links ke jo 10-16 base wali jo companies aayengi isi se puchti hai
Placement Preparation Course gfg :- <https://practice.geeksforgeeks.org/batch/ppc-1>

GFG Must do questions:-

<https://www.geeksforgeeks.org/must-do-coding-questions-for-companies-like-amazon-microsoft-adobe/>

Kuchh log love babbar ka 450 wala questions ka doc se prepare kar rhe. Dekh lo agar 450 questions aap aise bhi kar loge toh aap phod hi doge par usse pahle **30 days SDE problems wala doc** hai is link mein wo prepare kar lo bahut zaroori hai ye

Best YouTube channel to prepare for coding questions:- Aditya Verma subscribe kar lo aur channel kaaisa hai ye janane ke liye iski dp ki playlist shuru se dekhna kar do agar koi isse achha dp padha de toh mujhe bhi bata dena

<https://www.youtube.com/c/AdityaVermaTheProgrammingLord/playlists>

Iske channel pe content kam hai toh dekhna suru kar do. Agla year july aate aate kaaafi kuchh cover kar dega ye par bas ek cheez hai jo bhi topic padhoge uska playlist dekhna bilkul first video se aur kahin bhi skip mat karna aur har video dekhne ke baad usse related question banate jaao gfg pe

MERI CODING ACHHI HAI PAR CODING ROUND MEIN NA KAR PAATA KYA KARUN???:-

Leetcode ke weekend wala LeetCode weekly aur biweekly challenge do agar miss ho rha due to 8:00 a.m time toh fir baad mein virtual de do at least A,B,C banane hi chahiye D ho jaaye toh badhiya.

Iske alawa google doc pe code likhne ka practice rhna chahiye. Kuchh companies interview round mein ispe likhwati codes screen share karwa ke pata chala auto complete ka aadat hone ke kaaran baar baar closing brace lagane mein dimaag kharab ho rha

SYSTEM DESIGN KAHAAN SE KARNA HAI?? :- Mostly jo 16+ base wali companies hi puchti hain depth mein system design baaki thoda bahut normally load balancer, sharding wagairah hi pucchte

YouTube Videos :- Gaurav Sen

<https://www.youtube.com/playlist?list=PLMCXHnjXnTnvo6aISjVkgxV-VH6EPyvoX>

Agar pura nhi dekh paaye Gaurav sen toh fir atleast
Gaurav sen se consistent hashing, load balancing, scalability dekh lo theoretical questions ke liye uske baad

specific system design questions ke liye
Tinder, whatsapp, insta, Netflix ka system design gaurav sen ka videos

UBER ka system design:- <https://www.youtube.com/watch?v=NOHQ15lwHKY>

Tiny URL ka system design :-

<https://www.youtube.com/watch?v=eCLqmPBIEYs&list=LLs4YcRhaA8s8W7Ffe-8pC3w&index=2&t=5s>

TypeHead/AutoComplete ka system design :-

<https://medium.com/@dingdingsherrywang/system-design-autocomplete-62420021adb0>

Book My Show ka system design:-

<https://medium.com/@narengowda/bookmyshow-system-design-e268fefb56f5>

Iske alawa lift aur parking lot ka system design bhi dekh lena

RESUME KAISA HONA CHAHIYE?

Hamesha ek page ka hona chahiye
Iske alawa

Akshay Saini ka do video dekh lo

<https://youtu.be/eSh8vhKq0q8>

<https://youtu.be/2UPCEA6187s>

Baaki resume review karwana ho ya kuchh discuss karna ho toh personal message kar sakte ho koshish karunga help kar dun.

CS SUBJECTS KAHAAN SE PADHNA HAI???:- Ek cheez jaan lo CS subject aana chahiye warna companies mein shortlist hoge par select nhi CS subject gfg content wala folder jo link mein hai check kar lena yaad se

OOM:- CS subject gfg content wale folder mein OOP in c++ and OOP in java jo dono file hai dekho lo sahi se saari companies puchhengi par most probably koi isse baahar na puchhegi

DBMS , Operating System :- best will be to practice from dbms file in CS subject gfg content wala jo folder hai link mein usse padh lo but for video lectures ravula dekhne ka aukaat ho toh dekh lena warna sanchit jain can be used

DBMS Playlist:-

<https://www.youtube.com/playlist?list=PLmXKhU9FNesR1rSES7oLdJaNFgmuj0SYV>

OS Playlist:-

<https://www.youtube.com/playlist?list=PLmXKhU9FNesSFvj6gASuWmQd23UI5omtD>

Networking :- Cisco puchti hai thoda depth mein networking baaki thoda normal hi puchhte

Agar himmat ho toh Ravula dekh lena nhi toh niche wala link ke questions rat jana

<https://medium.com/edureka/networking-interview-questions-9df5b24b934b>

Baaki CS core interview questions wala jo file hai link mein wo dekh lena zaroor se

RESUME MEIN KITNE PROJECTS AUR KIS KIS TOPIC PE HONE CHAHIYE??

Jinke paas sach mein apna projects hain congo warna project dhundhna shuru kar do fir. 3 projects generally mentioned hone chahiye resume mein aur you should know all these projects inside out aur agar koi team project hai toh usmein tumhara contribution kya hai wo bhi

Atleast ek DBMS ka project hone chahiye ye bilkul mandatory hai. Iske alawa ek OOM ka rhe toh sahi hai .iske alawa agar ML aaye toh badhiya par aana chahiye ML ka project throughout agar nhi aata ML ka project throughout toh mat daalo resume mein. Agar image processing ka hai project toh wo bhi daal sakte par aana chahiye ye project bhi

Aur jinke paas 2month intern hai wo wala project toh tum daaloge hi achhe se aana chahiye tumhein tumhara intern project aur usmein tumhara contribution. The people having 2 month intern will be having an upper hand in project round.

Aur bhai jab resume ka link share jab karte ho form bharte waqt bhagwaan ke waaste dekh lena tumne resume ka view access diya hua hai bhi ya nhi warna pata chala resume based shortlisting mein reject hote jaa rhe kyun, kyunki company ke paas aapke resume ka view access hi na tha.

PUZZLES KAHAAN SE PADHUN??:- (Companies pucchengi puzzle agar dekha hua na rhega toh mushkil hoga direct interview mein sochna)

you tube channel :-

<https://www.youtube.com/playlist?list=PLLUqKY4VQM7ft3y1oFdIfc44Ob7Uqk5K0>

68 puzzle ka playlist hai dekh lena

Wo karne ke baad gfg ka puzzle playlist 44 question wala wo dekh lena

<https://www.geeksforgeeks.org/puzzles/>

Join @codingguy on telegram

Iske alwa interview experiences dekh lena company wise

GFG se bhi dekh sakte par agar detailed interview experience chahiye toh Learning Realm ka page dekh lo

<https://www.linkedin.com/company/learning-realm/>

Haan hero promotion kar rha page ka par interview experience padh lena agar kaam ka nhi lage toh batana aur agar kaam ka lage toh follow bhi kar lena xD

**Baad baaki best of luck!!Fode Dena!!
Maze karo!!**
